

4 STEP

PROCESS

01

INITIAL CONSULTATION

The custom gown design process starts with a half an hour, one-on-one consultation with Eunice. During your consultation, you'll have the opportunity to share your ideas and inspirations.

02

DESIGNING

Eunice will use your inspirations to design and draw sketches of your dream gown. We'll research various materials and present a design proposal and quote based on our discussions.

03

FITTINGS & PRODUCTION

Detailed measurements are taken and then production begins! The number of fittings varies from project to project - starting with toile mockups to the final hand-embellished gown.

04

PICKUP

Once the perfect fit and creation has been achieved, your custom gown will be prepared for final fitting/delivery.

EJD proudly offers a special 'The Day Of' service to complete the couture journey. Let your designer know if you are interested in this service.
